

“LET’S TALK ABOUT IT”

SWAFFHAM METHODIST CHURCH PRESENTS:

THREE TALKS ON CLIMATE CHANGE

Wednesday 9th, 16th and 23rd October, 7- 8pm

SWAFFHAM METHODIST CHURCH, London Street, PE37 7DD

Chaired by **Dr Colin Abbiss M.Sc., Ph.D.**

“Let’s talk about it” provides an opportunity for people to hear experts speaking about important issues and encourages discussion and questions in an informal session lasting for no more than one hour.

Wednesday 9th October at 7pm **THE BEAUTIFUL, JUST RIGHT PLANET**

Tony Dye B.Sc., M.A.

Engineer and Senior Member, Wolfson College, Cambridge. Tony outlines the importance of the balance of the elements that make up the planet and focuses on how to make our air clean, featuring Liquid Air Energy Storage And Regeneration (LAESAR) technology.

Wednesday 16th October at 7pm **OUR COOL BLUE PLANET**

Daphne Sampson B.A.(Hons) Cantab.

Former teacher, member of Green Christian, Lay Minister in the Anglican Diocese of Norwich, founder member of King’s Lynn Climate Concern. Daphne’s theme is water which covers 71% of the earth’s surface. She explains why water is fundamental to the planet’s life, including why polar ice-sheets are so important.

Wednesday 23rd October at 7pm **RESTORING THE PLANET’S BALANCE**

John Harper A.K.C.

Retired vicar and, currently, speaker on behalf of Christian Aid, who has a particular interest in the way Climate Breakdown and other environmental issues are impacting on some of the world's most vulnerable people. John Harper talks about the earth and the challenge to restore the balance and retain the beauty of the planet.

ADMISSION FREE – REFRESHMENTS PROVIDED
